

The background of the advertisement is a faded image of a car's interior, showing the steering wheel, dashboard, and center console. Overlaid on this background are several electronic components: a coiled black cable with a multi-pin connector, a black rectangular power supply unit with a label that reads 'CS Power Supply', a small cylindrical connector, a black DC jack, a black DC plug, a black DC jack with a metal pin, a black DC jack with a metal pin, and a black DC jack with a metal pin. In the bottom right corner, there is a black and purple vacuum cleaner. In the bottom left corner, there is a silver laptop.

MEMORY PROTECTION DEVICES

DC Jacks and Plugs

MPD is a global manufacturer of DC jacks and plugs offering you a wide variety of solutions for even the most demanding DC connections. MPD parts provide exceptional reliability and are competitively priced.

Because we produce parts in high volumes, we can pass on the best prices and great service. In addition, for custom parts we can suggest design or manufacturable improvements to aid reliability and reduce costs. We have ISO 9001 certification, a sign of the commitment we have made to demand high quality as much as our customers do.
